

FATİH TÜRK

Electrical Engineer (BSc.)

ismailfatihturk@hotmail.com

GSM (TR): +90 (533) 562 93 88

Personal Info

Nationality: Turkish

Date/Place Of Birth: 01.04.1974 / Gölcük

Driving License: Class B (23.09.2004)

Military Service: Done (Dec2001 – Mar2003)

Objective

Electrical Chief

Qualification Summary

I have been working as an electrical & instrumentation engineer with ten years experience in engineering-oriented construction projects.

I have the abilities of technical support and troubleshooting, electrical-testing engineering, strategic and tactical planning, leadership, team building, problem resolution and decision making, strong organizational and analytical abilities. I am hard-worker and aim to complete all projects in required standards, on-time and in-budget.

I have the technical skill of HV systems (Substation, transformer, switchgear panel installation, commissioning and start-up), LV systems (Design, material procurement, installation, commissioning and energizing), weak current systems (installation of Telephone & Data, Fire detection, CCTV, Access system, public address etc. systems), Instrumentation (installation and commissioning) with communication skills among other departments, management of subcontractors, cost control.

Education

1996 – 2000 NIGDE University – Engineer of Electrical and Electronics, NIGDE/TR

1994 – 1996 Vocational Technical High School – Electrical Department, KOCAELİ/TR

1989 – 1992 Barbaros Hayrettin High School, Kocaeli/TR

Training

(07-08)1998 Waste Water Treatment System Installation – SANEL, KOCAELİ/TR

(07-08)1999 Supervisor – Electrical works of a new Warehouse Building at DUSA-EREL, KOCAELİ/TR

Professional Experience

- | | | |
|-----------------|--|------------------------------|
| 08/2013- | SAFER GROUP/ISTANBUL | Site Engineer |
| | Projects: COKER unit at TÜPRAS refinery. | |
| | Our company managed electrical & instrumentation works for this project as a subcontractor of TEKFEN. | |
| | Scope of my work: Management of all electrical and instrumentation works. YARIMCA / KOCAELİ | |
| 02/2013-08/2013 | ENKA /ISTANBUL | Electrical Site Chief |
| | Project: Berezovskaya Coal Fired Power Plant Project | |
| | Our company managed mechanical construction works for this project as a subcontractor of E.ON (Germany). | |
| | Scope of my work: I am working as an electrical engineer with support team. Krasnoyarsk/RUSSIA | |
| 06/2011-02/2013 | USTAY CONSTRUCTION/ISTANBUL | Electrical Site Chief |
| | Project: Baku Waste to Energy Plant. | |
| | Our company managed all construction works (except turbine and 110 kV substations) for this project as a subcontractor of CNIM (France). | |
| | Scope of my work: Management of all electrical and instrumentation works. Baku/AZERBAIJAN | |

Professional Experience (continued)	12/2009-12/2011	POLIMEKS/ISTANBUL Projects: AHAL Autoclaved Concrete Factory. Whole electrical works except automation system was done by our team. All machinery works and automation system was built by our subcontractors (Wehrhahn & Akar). Scope of my work: Management of all electrical works for this factory. Ashgabat/TURKMENISTAN	Electrical Site Chief
	10/2008-09/2009	SAFER GROUP/ISTANBUL Projects: GSIP unit at TÜPRAS refinery. Our company managed electrical & instrumentation works (except substation and transformer system) for this project as a subcontractor of GEMONT. Scope of my work: Management of all electrical installation works. YARIMCA / KOCAELİ	Site Engineer
	05-09/2008	IDA GROUP/ISTANBUL Projects: Capital Partners Office. Our company finished all interior works for a prestige office building. Scope of my work: Management of all electrical installation works. MOSCOW- RUSSIA	Electrical Site Chief
	05-12/2007	ELTE GROUP/ISTANBUL Projects: Kashagan Industrial Buildings (KIB). Electrical works for this project as a subcontractor of GATE . Scope of my work: Management of all electrical installation works. KIB plant at Atyrau /KAZAKHSTAN	Site Engineer
	2005 -2007	ENKA&BECHTEL Projects: Sour Gas Injection (SGI). Scope of my work: I started to work as a QA&QC engineer which was followed by working at Start-up support team. TENGHIZ/ KAZAKHSTAN	Site & QA/QC Engineer
	2004-2005	SANEL GROUP/KOCAELİ Construction Department of Electrical & Instrumentation, for Projects; DHP unit at TÜPRAS / ALIAGA / IZMİR PP unit at PETKİM / ALIAGA / IZMİR FORMALDEHİT unit at MKS/GEMLİK/BURSA	Site Engineer
	2003-2004	AKTAS ELECTRIC/KOCAELİ Design, Material Providing and Application Projects for Buildings and Workshops. GOLCUK / KOCAELİ	Chief of Electrical Department
Courses & Certificates	<p>Safety courses for construction plant and petroleum sites. (TUPRAS, Parsons and Fluor Daniel , AGIP)</p> <p>Work Responsible Person courses for construction plant. (Parsons and Fluor Daniel at Tenghizchevroil site)</p>		
Language Skills	<p>English (Good)</p> <p>Russian (Basic)</p> <p>German (Basic)</p>		
Computer Skills	Windows, MS Office, MS Project, AutoCAD, Or-Cad, , Hardware Issues
